

VINYL
SOLUTIONS

CREATIVE OUTDOOR LIVING SPACES 2019

Welcome

At Vinyl Solutions we love the outdoors, and we understand that you want to make the most of your outside living spaces.

With our premium quality decking, railing and fencing products, we provide the perfect solution for you to give the finishing touch to your static caravan, holiday home or lodge. We want you to enjoy being outdoors as much as we do!

Our team of decking experts across the UK take a friendly and professional approach, working closely with you and your park to design, build and install your perfect bespoke deck.

With a proven track record of delivering a professional service to the holiday home industry for nearly 20 years, we're proud to work in partnership with park operators across the UK.

It's also reassuring to know that our products are designed, delivered and installed by a reputable UK manufacturer.

Our innovative range of products have changed the perception of wood as the only viable decking material. They are significantly stronger, more weather resistant and less prone to deterioration. In fact, we're so confident in the quality of our products that we offer a 10-year warranty with every installation.

If you're looking for decking, railing or fencing to complete your caravan, holiday home or lodge, we can provide the solution you're looking for.

Our values

At Vinyl Solutions, we live by our values, all of which form a key part in delivering an outstanding service and quality products for our customers.

Premium quality

We pride ourselves in providing a quality experience to our customers. Our aim is to exceed our customers' expectations through the quality of our products and services we provide.

Friendly

We have a welcoming, friendly approach to everything we do. We endeavour to develop long and lasting relationships with all of our customers and partners.

Dependable

Our open and honest approach delivers the best possible solution for each and every customer. Our customers depend on us to provide a quality product and service in a reliable, consistent and professional way.

Innovative

We don't just live life in the present, we're always striving to find new and clever ways of improving the products and services we provide.

PREMIUM QUALITY DECKING SOLUTIONS

Decking for your caravan

Modern caravans are stylish and comfortable, but you can make so much more of your investment with a Vinyl Solutions decking system.

Holiday home ownership is becoming increasingly popular as families choose to spend more of their holiday and quality leisure time in the UK.

A deck will enhance the appearance of your home, increase accessibility and can extend your usable living space by up to 50%. We can't guarantee the sunshine, but we can guarantee you a premium quality outside living space.

Vinyl Solutions is a recognised decking provider working in partnership with all of the major park operators throughout the UK.

High quality, attractive and low maintenance decking solutions

Premium quality

Manufactured using the highest quality materials

Attractive and safe

Attractive slip resistant finishes

Waterproof and stain resistant

Protected waterproof surface

BESPOKE SOLUTIONS

Range

At Vinyl Solutions we know that everyone has different tastes, so we offer different styles of build to suit you.

We also offer a number of other customisations and finishing touches to make a truly bespoke decking solution to your requirements, see pages 10-11 for more details.

Classic

Our Classic style has a more traditional feel, with the balustrades and rails sitting on top of the decking structure. This popular design provides a high-quality feel and finish to your caravan, holiday home or lodge.

Contemporary

Our Contemporary style has a modern feel, with the build and posts sitting seamlessly alongside the decking structure, full length from ground to rail. This through-post design ensures fixings are hidden, for a premium finish, with customisation options to make the deck truly personal to you.

DECKING AS INDIVIDUAL AS YOU ARE

Oak

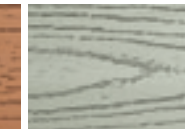

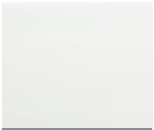

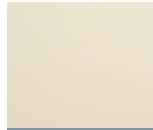

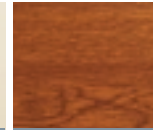

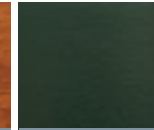

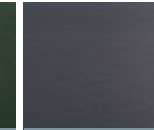

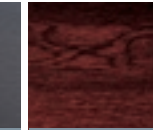

Olive Green

Your deck, your style

Your new decking can be as individual as you are. Choose from a range of build styles, colour combinations and styles of uPVC decking boards, balustrades and rails.

Our decking boards are available in Slate Grey, Olive Green, Mink, Oak, Pebblestone and Latte. The uPVC systems come in a choice of colours and finishes to suit all tastes, including White, Cream, Golden Oak, Dark Green, Anthracite Grey and Rosewood.

Create the ultimate look with the very latest feature glass panels and then accessorise from a range of additional features to highlight and complement the finished deck.

Our composite decking range

New for 2019, we're delighted to introduce our new range of composite decking boards, HD Deck® Dual and HD Deck® XS.

This eco-friendly composite decking board uses the latest technology to create beautiful decking that not only has the natural look and feel of timber, it has the added strength and durability of plastic.

By combining FSC® 100% certified hardwood timber and recycled HDPE plastic, the HD Deck® Dual and HD Deck® XS composite decking boards create an elegant solution to many of the problems associated with traditional timber products, such as rot, colour fading and slippery surfaces.

Socially responsible and friendly to the environment:

We've recycled the equivalent of 3,000 bottle caps per square metre of decking

We recycle the equivalent of 280 plastic milk bottles per square metre of decking

FSC® 100% certified hardwood timber

HD DECK®

A Composite Prime Product

HD Deck® Dual's decking boards have an unrivalled likeness to timber, which really sets it apart from other composites available. The natural wood grain not only looks and feels great, it also offers maximum performance against stains. And with its 'capped' design, it has a coated layer that offers increased protection against fading and the elements, for an extra-long life.

This is also a dual-sided composite board offering a reversible two-colour option, providing the opportunity to lay a deck with contrasting colours to create a bespoke finish. These colours can be seen below:

HD Deck® Dual: Board 1	Side 1	Side 2	HD Deck® Dual: Board 2	Side 1	Side 2
	Oak	Walnut		Antique	Carbon

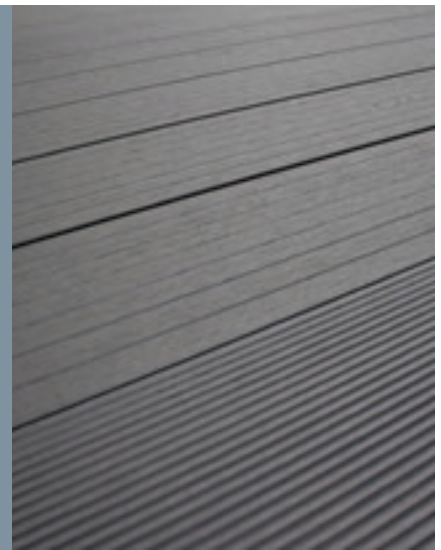

HD DECK®

A Composite Prime Product

Whether you're planning to host a party or social gathering on your decking, it's good to know that like the HD Deck® Dual, HD Deck® XS composite board won't splinter or become slippery because of its superior composite ingredients. This extra strong performance decking board is not only low maintenance and slip resistant, it is durable and sustainable.

HD Deck® XS comes in four different colours, so you'll have plenty of variety to choose from when designing your decking to complement your caravan, holiday home or lodge:

	Lava	Silver	Light Oak	Walnut
HD Deck® XS: Side 1				
HD Deck® XS: Side 2				

Your decking guide

It is important to us that buying your new decking system is as simple as possible. We work with you at each stage to help you select, design and build a deck to your requirements. Here is our simple guide to selecting your perfect creative outdoor living space:

1

Classic or Contemporary?

We offer two styles of installation for your new decking system - Classic or Contemporary. You can see a direct comparison of these on page 9. Feel free to select the style that best suits you and your holiday home or lodge.

2

Select your configuration

A few suggested configurations can be found on pages 16-17 - but these are just suggestions, with many more options available to pick a size of deck that will meet your requirements. Please note that configurations and the size of the deck you are able to install will depend on your Holiday Park's rules.

3

Choice of decking board

We have a range of deck board styles and colours to suit your style and requirements. Our uPVC ranges - Purbeck and Chiltern - come in a selection of colours which can be found on page 11. Our new composite decking boards, the HD Deck® Dual and HD Deck® XS, are also available in a range of colours and finishes, these can be found on page 13.

4

Balustrades or glass panels?

The next step is to select the balustrade colour and style you would like. We offer a range of colours and styles, as well as clamped glass options for a premium finish. These options can be found on page 11.

5

Finishing touches

It's now time to decide if you would like any optional extras to provide the finishing touches to your creative outdoor living space. We have skirting options, deck lighting, access hatches to provide extra storage under your deck and gates that provide additional security. All of these options can be found on page 11.

6

Quote and site survey

Once you have selected your perfect decking solution - it is time to speak to your Holiday Park's sales team who will work with Vinyl Solutions to provide you with a quotation. A survey will be included in this process.

7

Installation

Once the survey has been undertaken and the order has been processed, Vinyl Solutions will agree an installation date with your Holiday Park.

8

Warranty

You will receive a 10-year Warranty* which will be valid from the date your deck is installed. You will also receive a Decking Maintenance Guide. You will find your decking reference number located within the plaque placed on the front of your deck.

*Limited warranty, see website for details

10
YEAR
WARRANTY

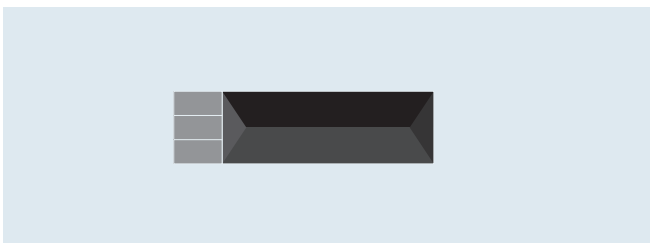

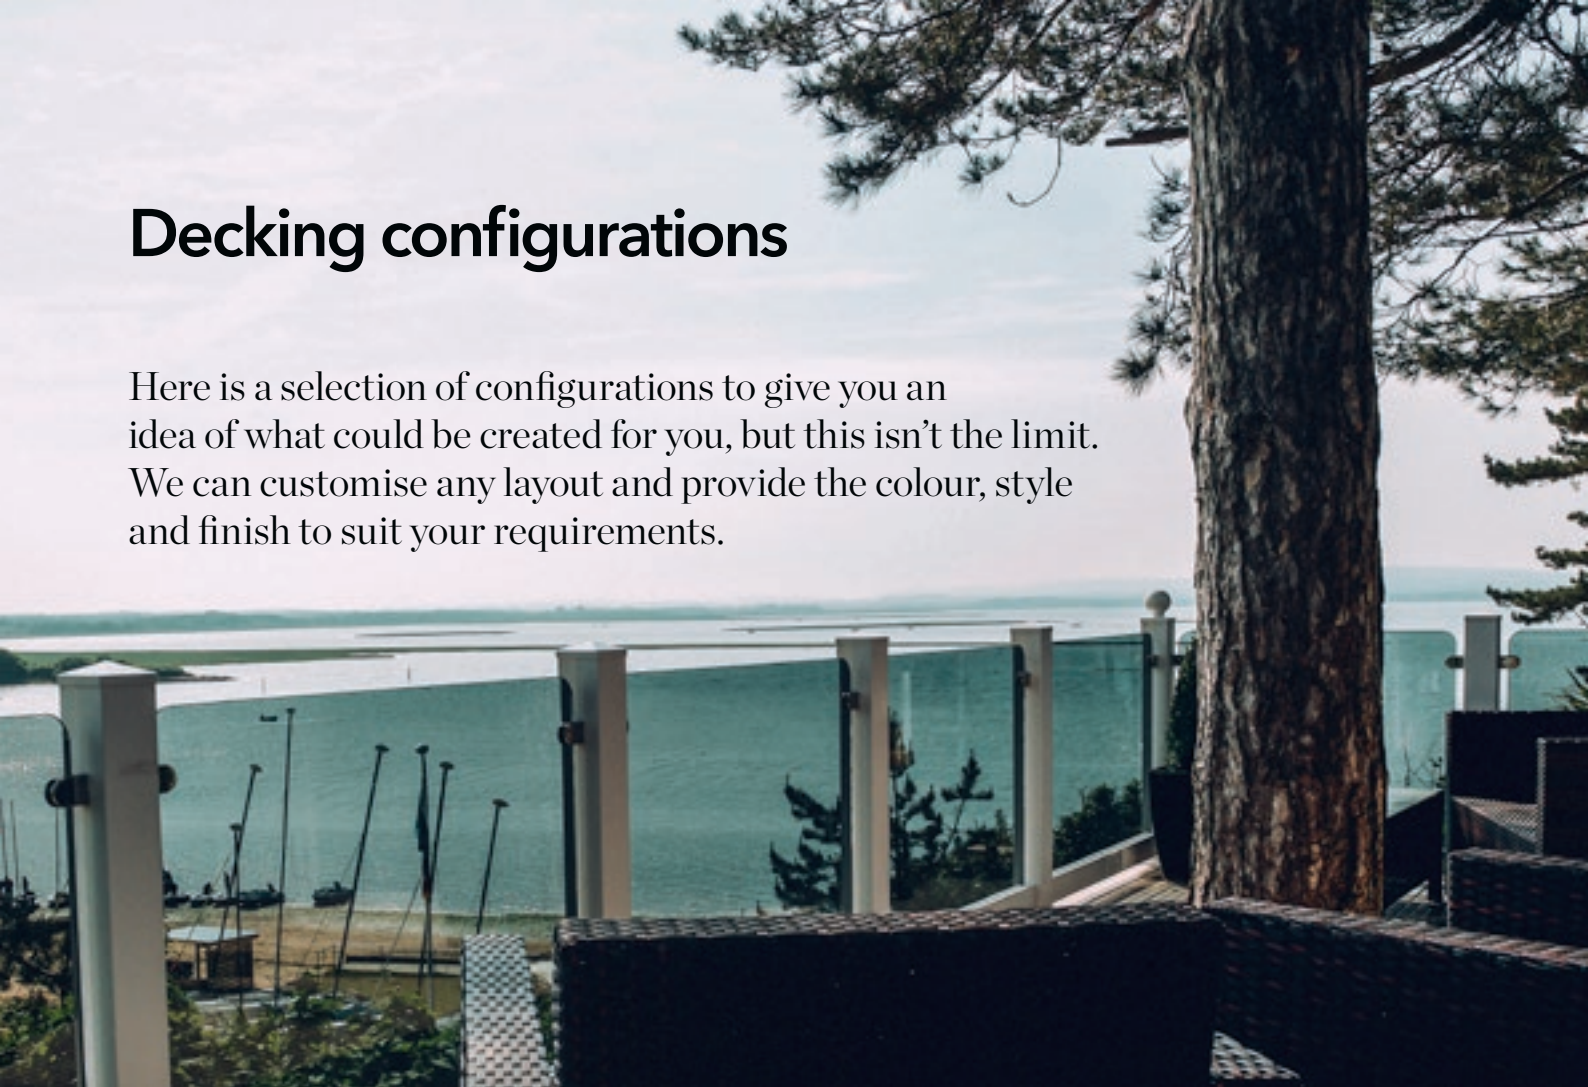

ENJOY

Your decking system is now installed and you can enjoy your new creative outdoor living space, so pour yourself a drink and enjoy the evening sunset!

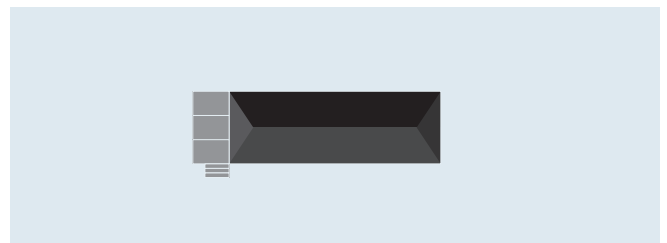

Decking configurations

Here is a selection of configurations to give you an idea of what could be created for you, but this isn't the limit. We can customise any layout and provide the colour, style and finish to suit your requirements.

Our partners

Vinyl Solutions are a recognised decking provider working in partnership with all the major park operators in the UK.

We're proud to partner with the major park operators, delivering premium quality decking solutions to hundreds of parks across the UK. We're also delighted to work very closely with a large number of smaller, independent park operators to provide a full decking service to their parks. Here is a snapshot of some of our industry partners:

Corporate Social Responsibility

At Vinyl Solutions we understand the importance of working with and supporting local communities and charities. As part of our work in the community we are delighted to support the work of Julia's House as our charity of the year.

Julia's House is a Children's Hospice in Dorset and Wiltshire, an award-winning charity dedicated to bringing comfort and care to families across the two counties. They provide practical and emotional support for families caring for a child with a life-limiting or life-threatening condition, providing frequent and regular support in their own homes, in the community or at their hospices.

To find out more about their great work and to make a donation please visit www.juliashouse.org
